

Route **Kalamos - Argalasti**
Checked by **Caroline & Ruud**
Date **10 October 2023**
Condition **Difficult in places, passable with caution**

Description of the walk

This damage is on the return route up from the beach at Kalamos where sections of kalderimi and earth road take us up to the halfway point, crossing the asphalt road a few times.

Condition of the walk

Damage just above Koutsorodeika. It is possible to climb over the pile of sand and wood but not easy or comfortable.
